A Simple Chinese Style

New Chinese style, which is not only pay attention to the routine, but also pay attention to symmetry, to reconcile the concept of balance between yin and yang, focusing on nature, highlighting in the traditional literature under the influence of a relaxed and sentimental.

On the basis of the original tradition, "new" pays more attention to innovation and breakthrough. From the humanities' inherit, it boldly adds some modern elements and uses the modern creative techniques to combine the essence of Chinese culture with modern materials and design concepts cleverly integrated with the Chinese style of the external manifestations of the essence of traditional Chinese culture demonstrated most vividly.

The "new" lies in dare to create thinking, which is simple and modern, also breaks through the traditional aesthetic standards, creates a style that conforms to the aesthetic taste of the modern people. It not only has the traditional sense of ancient charm, but also brings modern temperament and sophistication, natural grace and simplicity In order to elegant interpretation of a new era of aesthetics.
